

# IdentiLabels

## Description

IdentiLabels are designed to complement internal pipe and services colour identification bands by reinforcing the colour coding system in text and providing supplementary information such as direction of flow, temperature of contents and pipe size.

White standard PVC letters, numbers and directional arrows are available as standard as are colour coded triangles. Any combination of text, letters, shapes and colours are available to special order.

## Product Range and Sizes

### IdentiLabels triangles:

IdentiLabels triangles meet the specification for sheetmetal ductwork DW144 Appendix B - Identification of Ductwork.

150mm equilateral triangles	Red	Hot Supply Air
	Blue	Cold Supply Air
	Yellow	Warm Air
	Green	Fresh Air
	Brown	Foul Air
	Grey	Exhaust/Extract/Recirculated Air
	Red/Blue	Conditioned Air

### IdentiLabels text items:

Pipe Sizing	25mm high	copper 15-108 Mild Steel 15-200
Letters	25mm high	A-Z
	50mm high	F - for Flow
	50mm high	R - for Return
Numbers:	25mm high	0-9
Directional Arrows	50mm high	
Service Wording	12.5mm high	Hot Water Supply Cold Water Supply Heating Drinking Mains Water

Note: Other text and symbols are available subject to enquiry and minimum order quantities.

## **Application and Fixing**

IdentiLabels can be secured to most types of insulation cladding, pipes and conduits using the self adhesive backing.

## **Technical Advice**

Highly experienced engineers are available to discuss all aspects of identification requirements and can prepare specifications and installation instructions on request.

## **Operating Temperature**

IdentiLabels are designed for use at normal building temperatures.

## **Packaging**

IdentiLabels text items are available in sheets of 10

IdentiLabels triangles are available in sheets of 5

IdentiLabels are packed in cardboard boxes

## **Availability**

IdentiLabels are available from stock through a national network of distributors. Further details available on request
